The first and highest premiums have been awarded to these Machines at all the leading Fairs throughout this country and Europe, and the inventor now rejoices in the more substantial reward of the largest patronage ever bestowed upon any Sewing Machine in Europe or America.

They are of the highest finish, and of every variety of size and style, and adapted to all the wants of the Sewing community.

and style, and adapted to all the wants of the Sewing community.

They are all secured exclusively to the proprietors by letters patient, and are free from all logal controversy. Great pains has been taken to adapt these Machines to Plantation sewing, and they are now so simple, durable and easily run and tended by any person, that they are entirely beyond competition for this work or for the manufacture of heavy or light bags, for Corn or Wheat, no machinery has ever been invented to surpass them—any person after one hours practice can make from 496 to 700 corn sacks per day on one machine. These machines are also equally well adapted to the manufacture of all kinds of clothing, coarse or fine, as well as general sewing, quilting, stitching, &c. These machines are so arranged as to make the citich my length desired, and to sew with ease any and every seam in any garment, and the durability, regularity and beauty of finish, cannot be equaled by any work accomplished by the most skillful hands. these machines, and most respectfully invite the public generally to call and see them in use, and give them a careful examination and be satisfied that the half has not yet been

THE undersigned have purchased the Patent right of C. DOUBLE ACTING BALL VALVE Force and Lift Pump. For the States of Tennesse, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana. We have tasted the Pump in all its recommended uses for ordinary purposes—in wells, and as fire engines; and hesitate not to say that it is superior to any pump now in use. It is simple and plain in us construction; can be taken to pieces or put together by any ordinary man, black or white, in half a minute. There is not a screw or bolt about the pump; there is the least imaginable friction—hence its durability. It is almost impossible for it to get out of fix by usage.

HEAR WHAT THE DOCTORS SAY:

We hereby ceretify that we have submitted the Gradenberg Fever and Agus Remady to a close inspection and scientific analysis, and have also tested its curative qualities in several cases of intermittent fever. We take great pleasure in saying that it has proved completely successful, and that it is a most skillfully compounded remedy. It must exert a most beneficial influence in all cases; its tonic properties are immediate and highly salutary, and it is righly deserving the confidence of our brothren of the medical faculty and of the public.
